Dear Right Reverend Harrower

Thank you for your letter on 16 August 2011 on the issue of euthanasia.

On matters such as euthanasia, the Tasmanian Liberal Party typically affords members a conscience vote on the floor of Parliament.

Therefore, I greatly appreciate the input and views communicated by leaders in the community such as yourself and I will also closely consider all aspects of any legislation that comes before the Parliament on this important issue.

I must say that I share similar concerns surrounding the issue and the possible legislative framework.

Thank you again for writing to me.

Yours sincerely

For Elise Archer MP
